**Subject:** Maricopa Permits and New Intel Issue  
**Attachments:** AQ Memo UAE.docx; Small Source Permit Determination.docx  
**Location:** Microsoft Teams Meeting  
**Start:** 3/16/2021 9:00:00 PM  
**End:** 3/16/2021 10:00:00 PM  
**Show Time As:** Busy

**Required Attendees:** Kurpius, Meredith; Yannayon, Laura; Tsai, Ya-Ting

Sorry for all of the updates. Making this longer as I want to provide an update on a new issue with Intel.

Rule 200, Section 303 NON-TITLE V PERMIT: Unless a Title V final permit or Title V final permit revision is required, a Non-Title V final permit or, in the case of an existing permitted source, a NonTitle V final permit revision shall be required for:

303.1 An owner or operator to begin actual construction of, modify, or operate any stationary source that emits or has the potential to emit any regulated air pollutant in an amount greater than or equal to the following stationary source permitting thresholds: Pollutant Potential to Emit Emission Rate in Tons Per Year (TPY) PM2.5 (primary emissions only; levels for precursors are set below) 0.5 PM10 0.5 SO2 1.0 NOx 1.0 VOC 0.5 CO 1.0 Pb 0.3 Single HAP (other than Pb) 0.5 Total HAPs 1.0 Any other regulated air pollutant 1.0.

303.2 An owner or operator to begin actual construction of, modify, or operate any of the following:  
a. Any stationary source that is subject to a standard, limitation or other requirement under Section 111 of the Act. However, a source that is subject to the standards in Sections 303.2(a)(1) or (2) of this rule and has a potential to emit less than the permitting thresholds in Section 303.1 of this rule is not required to obtain a Non-Title V permit.  
(1) 40 CFR 60, Subpart IIII (Stationary Compression Ignition Internal Combustion Engines).  
(2) 40 CFR 60, Subpart JJJJ (Stationary Spark Ignition Internal Combustion Engines).

**Subject:** Fwd: Maricopa County Air Quality Oversight Concern

Hi Laura,

The concern below is focused on Maricopa County's permitting program. Would you be able to assist?

Thank you,  
Roshni

**Subject:** Maricopa County Air Quality Oversight Concern

Good morning Amy,

I am emailing to present my concerns with the Maricopa County Air Quality Department's (MCAQD) administration of their permitting program.

I previously worked with the MCAQD in the compliance department and was involved in determination process for which sources need a permit application and complete potential to emit evaluation. This leads me to the attached memorandum that is relied on internally, and not published to the public for comment. This memo appears to be counter to MCAQD adopted rule 200 section 303

To compound this flippant approach to MCAQD own rules please see the "SYNTHETIC MINOR" determination on the Departments website, <https://www.maricopa.gov/2433/Non-Title-V-Permit-Information> . This interpretation to rule 100 section 200.128, also appears counter.

I have tried to discuss this with the department and asked for a legal evaluation from the Maricopa County Attorney's office, all of which have yielded no results.

I would expect the MCAQD to follow their own rules. With the technical aspect of this, trying to explain how the department is failing to follow their own rules and the potential massive under permitting, reporting, and emission inventory to officials with the authority to make the change I quickly lose interest.

I look forward to hearing from you.

Any more information I can provide, please feel free to contact me.

Thank you,

Kirk
